The property owners and/or Lien Holder(s) have obtained structural inspections. If the Council votes to condemn the dilapidated building, 30 days must pass in such case an appeal be made. Ms. Bates stated that the property has been trimmed and manicured, but no structural security has been put in place. Council Member Pogue questioned the extension requested and Ms. Bates answered that the letter was received that day. Council discussion ensued regarding notices being sent, violations, and intent to have property go through the Sheriff's Sale. Mr. Sandmann stated that this foreclosure has been in process since 2014. Council Member Sherrill asked for Jerry Stephens to answer whether or not he has been contacted regarding this property, as he is interested in purchasing the property. Mr. Stephens and the City Attorney reviewed a letter that was sent to Mr. Stephens. Mr. Sandmann was able to determine that a date has been set for May 24th and a consent to judgement was filed. Ms. Bates stated that the storage building is irreparable.

This machine will replace the 2017 Bobcat with has to be serviced out of Tulsa or Oklahoma City rather than locally. The current machine will be used as a back-up and kept at the Water or Wastewater plants. The Size difference between items 5 and 6 were discussed.

C. Public Requested Agenda Items

1. Discussion and/or action on request by E.L. Coplen for a refund for sewer services paid but not received. – E.L. Coplen

Mr. E.L. Coplen informed the council that his property has been owned by himself for the past 8 years, and he is not on the City Sewer. Mr. Coplen stated that he knew at the time of purchasing the property that he was not on city sewer, but was advised by a previous City Manager that due to past owners paying for sewer, he would have to do the same. Mr. Coplen stated that this property is used for storage only and after having tests ran at the authority of current City Manager, Danny Delay, it was concluded that this property is not on city sewer, it has its own septic system. Mr. Delay stated that he consulted with the City Attorney and was informed that only the past year could be refunded, not all eight years. Mr. Delay asked Mr. Coplen to call the City Attorney at the time of questions, at which Mr. Coplen stated he did not do, as it should have been the city's job to handle. City attorney, Johnny Sandmann, stated that his initial reaction was to refund the one year, but after further investigation, under the tort claim act, he believes the city can pay up to five years back, which is roughly \$1650.00. As five years is the highest statute of limitations. Mr. Coplen stated that he did challenge this at the time of purchase but was denied. Mr. Sandmann then stated that if arguing in court, it could be justifiable to refund the five years, but no more and that Mr. Coplen didn't press more forcefully for his account to have sewer removed. Council discussion ensued and it was asked by Council Member Sherrill is more can be paid, at which Mr. Sandmann stated yes, however, if contested by a lawsuit, the City will lose and have to pay the difference of five and eight years to the party contesting plus legal fees. Five years can be defended, eight years cannot. Council discussion took place on the legality of paying the full eight years owed to Mr. Coplen. Council Member Sherrill stated that due to a lawsuit being mentioned in the minutes, it is a liability for the city to refund any more than the allowed five years. Mr. Sandmann stated that the exact amount of the refund for five years would be \$1,663.80.

A motion was made by Council Member Pogue and seconded by Council Member McGee to refund Mr. E.L. Coplen in the amount of \$1,663.80 for sewer services paid but not received. Voting aye, McGee, Sherrill, Pogue, Turner, and Mayor Cathey. Voting nay, none. Motion carried.
